

How to fix software error messages?

Errors in control software can be frustrating. Here are some general solutions you can try:

Step 1: Click the link below to enter the interface as shown in the figure, and click Download.

<https://www.microsoft.com/en-US/download/details.aspx?id=30679>

Visual C++ Redistributable for Visual Studio 2012 Update 4

Important! Selecting a language below will dynamically change the complete page content to that language.

Select Language:

Step 2: Download the x86 version and install it, which may solve the error.

Choose the download you want

<input type="checkbox"/> File Name	Size
<input type="checkbox"/> VSU_4\vc_redist_x64.exe	6.9 MB
<input type="checkbox"/> VSU_4\vc_redist_x86.exe	6.3 MB
<input type="checkbox"/> VSU4\vc_redist_arm.exe	1.4 MB

Contact service@tesmart.com for technical support if the above solutions do not work.
